

14th MND Australia Research Conference
Investing in Innovation, Partnering for Progress
 Friday 9 November 2018

Ian Potter Auditorium, Kenneth Myer Building
 The University of Melbourne
 30 Royal Parade, Parkville VIC 3010

[#MNDmeeting18](#)

PROGRAM

ORAL PRESENTATIONS													
8.30 am	Registration												
9.00 am	<table border="0" style="width: 100%;"> <tr> <td style="width: 50%;">Welcome on behalf of MND Australia</td> <td>David Ali President, MND Australia</td> </tr> <tr> <td>Welcome on behalf of The Florey Institute of Neuroscience & Mental Health</td> <td>Professor Steven Petrou, Director</td> </tr> <tr> <td>Opening Address</td> <td>to be confirmed</td> </tr> <tr> <td>Awards</td> <td>Professor Matthew Kiernan Betty Laidlaw Prize Charcot Prize</td> </tr> </table>	Welcome on behalf of MND Australia	David Ali President, MND Australia	Welcome on behalf of The Florey Institute of Neuroscience & Mental Health	Professor Steven Petrou, Director	Opening Address	to be confirmed	Awards	Professor Matthew Kiernan Betty Laidlaw Prize Charcot Prize				
Welcome on behalf of MND Australia	David Ali President, MND Australia												
Welcome on behalf of The Florey Institute of Neuroscience & Mental Health	Professor Steven Petrou, Director												
Opening Address	to be confirmed												
Awards	Professor Matthew Kiernan Betty Laidlaw Prize Charcot Prize												
9.40 am – 10.30 am SESSION 1 Investing in innovation, partnering for progress KEYNOTE PRESENTATIONS Chair: Professor Matthew Kiernan													
	<table border="0" style="width: 100%;"> <tr> <td style="width: 50%;">Dr Catherine Blizzard <i>Betty Laidlaw Prize 2017</i></td> <td>Investing in innovation: supporting researchers at all stages of their careers</td> </tr> <tr> <td>Professor Naomi Wray <i>MND Australia Ice Bucket Challenge Grant 2015-2018</i> <i>NHMRC Partnership Grant 2018-2022</i></td> <td>Partnering for progress</td> </tr> </table>	Dr Catherine Blizzard <i>Betty Laidlaw Prize 2017</i>	Investing in innovation: supporting researchers at all stages of their careers	Professor Naomi Wray <i>MND Australia Ice Bucket Challenge Grant 2015-2018</i> <i>NHMRC Partnership Grant 2018-2022</i>	Partnering for progress								
Dr Catherine Blizzard <i>Betty Laidlaw Prize 2017</i>	Investing in innovation: supporting researchers at all stages of their careers												
Professor Naomi Wray <i>MND Australia Ice Bucket Challenge Grant 2015-2018</i> <i>NHMRC Partnership Grant 2018-2022</i>	Partnering for progress												
10.30 am Morning Tea													
11.00 am – 12.45 pm SESSION 2 Advancing MND research to understand causes Chair: Professor Tracey Dickson													
	<table border="0" style="width: 100%;"> <tr> <td style="width: 50%;">Associate Professor Justin Rubio <i>Jenny Simko MND Research Grant</i></td> <td>A precision genomics approach to dissect the pathogenesis of ALS/MND</td> </tr> <tr> <td>Dr Kelly Williams <i>Jenny Barr Smith MND Research Grant</i></td> <td>Gene expression profiling in Australian sporadic ALS identifies retroviral activation in patients</td> </tr> <tr> <td>Dr Lezanne Ooi <i>Benalla Act to d'Feet MND Research Grant</i></td> <td>Targeting the mechanisms governing alterations in motor neuron excitability in MND</td> </tr> <tr> <td>Associate Professor Justin Yerbury <i>Betty Laidlaw Prize 2018</i></td> <td>The importance of proteostasis at the synapse in ALS</td> </tr> <tr> <td>Associate Professor Peter Noakes <i>MND and Me Foundation Research Grant</i></td> <td>The neuromuscular junction - the hidden player in MND: studies from MND model mice and MND patients</td> </tr> <tr> <td>Dr Edwin Lim <i>Lady (Mary) Fairfax MND Research Grant</i></td> <td>Investigating cyanobacteria toxin as a causative environmental factor in pathogenesis of ALS</td> </tr> </table>	Associate Professor Justin Rubio <i>Jenny Simko MND Research Grant</i>	A precision genomics approach to dissect the pathogenesis of ALS/MND	Dr Kelly Williams <i>Jenny Barr Smith MND Research Grant</i>	Gene expression profiling in Australian sporadic ALS identifies retroviral activation in patients	Dr Lezanne Ooi <i>Benalla Act to d'Feet MND Research Grant</i>	Targeting the mechanisms governing alterations in motor neuron excitability in MND	Associate Professor Justin Yerbury <i>Betty Laidlaw Prize 2018</i>	The importance of proteostasis at the synapse in ALS	Associate Professor Peter Noakes <i>MND and Me Foundation Research Grant</i>	The neuromuscular junction - the hidden player in MND: studies from MND model mice and MND patients	Dr Edwin Lim <i>Lady (Mary) Fairfax MND Research Grant</i>	Investigating cyanobacteria toxin as a causative environmental factor in pathogenesis of ALS
Associate Professor Justin Rubio <i>Jenny Simko MND Research Grant</i>	A precision genomics approach to dissect the pathogenesis of ALS/MND												
Dr Kelly Williams <i>Jenny Barr Smith MND Research Grant</i>	Gene expression profiling in Australian sporadic ALS identifies retroviral activation in patients												
Dr Lezanne Ooi <i>Benalla Act to d'Feet MND Research Grant</i>	Targeting the mechanisms governing alterations in motor neuron excitability in MND												
Associate Professor Justin Yerbury <i>Betty Laidlaw Prize 2018</i>	The importance of proteostasis at the synapse in ALS												
Associate Professor Peter Noakes <i>MND and Me Foundation Research Grant</i>	The neuromuscular junction - the hidden player in MND: studies from MND model mice and MND patients												
Dr Edwin Lim <i>Lady (Mary) Fairfax MND Research Grant</i>	Investigating cyanobacteria toxin as a causative environmental factor in pathogenesis of ALS												
12.45 pm – 1.45 pm Lunch
